Blindstitch foot	x
Elasticator foot	x
Gathering foot	opt.
Waste collector for excess fabric	x
Upper-looper converter	x
Tools and accessories in separate box	bag

Impressive creative potential, fast sewing speeds and a wide variety of applications – you'll be thrilled by what the BERNINA 1150 MDA can do! This versatile overlocker is equally suitable for sewing garments and home textiles. The patented mtc thread control ensures a perfect seam at the turn of a knob.

Threading (lay-in) system

The BERNINA lay-in system lets you thread quickly and directly at all times. The automatic lower-looper threading system also makes threading the lower looper a piece of cake.

Differential feed

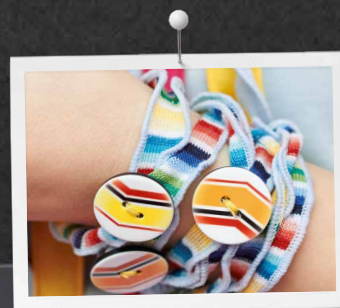

Stepless differential feed ensures wave-free seams in knits and prevents puckering in fine fabrics, whilst allowing deliberate gathering.

Unique swing-out presser foot

Simply swing the foot out to the side to give yourself plenty of space for easy threading and hassle-free needle change.

Rolled hem lever

Simply flick the rolled hem lever to switch effortlessly to a rolled hem stitch and back again, with no need to change the stitch plate or presser foot.
